# About RUP/BAB

Rainbow Universe Pageants has been operating since 2014. I am the National Director/CEO, Cicely Majeed. I have an extensive background in business building and am a youth advocate. I have added services and resources to help businesses grow through a new program called BAB which stands for Brand Ambassador Buddies. BAB is a membership program that assists business owners in these ways:

- **Start The Business Building Process**
- **Provide Business Resources for Assistance**
- **Blast Our Brand and We Blast Yours**
- **Create Opportunities for Networking and Further Connections**
- **Partner & Collaborate for Youth Advocacy**
- **Free Events as VIP's & Access to Capital**

# The Nitty Gritty:

What's in it for you? Glad you asked. We want to help you with your business and blast your brand too. So, tit for tat is the name of the game. You scratch our back and we will scratch yours. Our CEO Cicely Majeed is very resourceful and has a ton of connections to help you get started on the right "business" foot. She also can give you a presence and more exposure on Pinterest where we are currently **beyond 200,000 viewers** and followers and climbing. That means in addition to your own marketing efforts you get this too:

- Your business card, biography with professional headshot, and website address displayed on a special pin on our Pinterest board
- An invitation to our Mighty Networks group called BAB Masterminds
- Opportunity for more clientele
- Exclusive business resources
- Free event tickets to our events
- A chance to give back by donating a portion of your revenue to a worthy cause
- Meet new potential business partners
- Meet new potential vendors that you may need to keep your business thriving
- Find out how to get more access to business capital (some you won't have to pay back)
- Share your expertise and build your social media following and engagements
- And more....

Once you register and become a member you will receive a link to take our Business Needs Assessment so we know exactly what your business building needs are and in what areas you are lacking resources. Don't miss out on a grand opportunity to make your business shine! Sign up now!
